Skilled in clean coding and creating user-focused applications that enhance business growth. Proficient in React Native, Django, Node.js, and OpenAI API integrations. Passionate about combining strong problem-solving skills with modern technologies to deliver high-performance solutions.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Python, C++, SQL

Frameworks & Libraries: React Native, React.js, Django, Node.js, Express.js

Libraries & Tools: VS Code, Android Studio, Postman, SQL Management Studio, MongoDB, Git, GitHub, Docker, Microsoft Office

AI Tools: OpenAI API, V0 dev, Replit, Lovable, Windsurf

PROJECTS

LibMax   Feb 2025 – Apr 2025
Digital Library Management Application   *React Native, Node.js, MongoDb*
   Developed a full-featured mobile app enabling users to reserve books, access eBooks, and view faculty publications.
   Integrated Node.js backend for data handling and efficient user-book interaction.
   Implemented responsive layouts ensuring seamless performance across Android devices.

Swap Rush   May 2025 – Jul 2025
Fashion Apparel Application   *React Native, Node.js, Express.js*
   Built a dynamic mobile app allowing admins to upload apparel and users to customize and order outfits.
   Optimized API requests using Express.js and improved UI performance through reusable components.
   Collaborated on feature enhancements for smoother navigation and faster loading times.

EXPERIENCE

React Native Developer   July 2025 – Oct 2025
CryptoKoder   *Wah Cantt, Pakistan*
   Developed and delivered React Native applications with strong UI/UX focus and backend integration.
   Collaborated with developers and designers to enhance functionality and meet client requirements.
   Implemented API integrations and state management using Redux and Context API.

Freelance Developer   Jul 2024 – Feb 2025
Self-Employed   *Remote*
   Developed Django-based web solutions and React Native mobile apps for small businesses and startups.
   Integrated OpenAI API for intelligent automation and conversational features.
   Delivered end-to-end solutions from UI design to deployment, ensuring on-time project delivery.

EDUCATION

University of Wah   Punjab, Pakistan
B.S. in Computer Science (GPA: 3.3)   *Oct 2021 – Aug 2025*

LANGUAGES

English, Urdu, Punjabi
